

Interviews with university students

Current Economic Trends:

Can you explain how you manage your finances now?

What tools or techniques do you use to track your income and expenses?

Challenges:

What are the biggest challenges you face in managing your finances as a student?

Can you give a specific example of a time when it was particularly difficult to manage your finances?

Requirements and Expectations:

What features would you like to see in a budget?

How important is it to have a plan that integrates with your financial aid information?

Survey:

If there is a budget, how often will you use it?

What devices (e.g. smartphone, laptop) do you want to use for this process?

Responding to Existing Solutions

Have you ever used any financial plan? If yes, who are they, and what is your experience like?

What do you like or dislike about those apps?
